Professional summary

I am a highly motivated Web Developer with experience in the field. My expertise is in creating, developing and maintaining websites using HTML, CSS, JavaScript, PHP and MySQL. I have a deep understanding of the latest web-related technologies, design principles and coding techniques. I have been successful in developing websites that are user-friendly, reliable and efficient. My greatest achievements include designing and launching a website for a client in under a week. My best qualities are my attention to detail, my problem-solving skills and my ability to think outside the box. I am also an excellent team player who is able to work independently and collaboratively in order to meet deadlines.
